MYSTIC MUMMERY

The 100,000 Shriners who descended on Al Malaikah (Shriners' name for their Los Angeles Temple) for the 76th Imperial Council session of their Ancient Arabic Order of the Nobles of the Mystic Shrine found the city tied up by strikes of bakers and transit workers. Unimpressed, they proceeded with their own ways of tying up the city. Dressed in red fezzes and brilliant costumes and masquerading under such exotic temple names as Salaam (Newark, N.J.), Zamora (Birmingham, Ala.) and Lu Lu

IN AL MALAIKAH

(Philadelphia), Nobles molested defenseless ladies on street, trotted out their six camels and 273 fine horses for a parade, tore down street signs and boomed bass drums in hotel lobbies.

Not all of the five days were spent in mere merriment. The Shriners also dedicated a new Los Angeles hospital for crippled children, held three durbars (open house), moved Hubert M. Poteat, Wake Forest, N.C. Latin professor, to top place on their Imperial Divan to replace last year's Imperial Potentate, Harold Lloyd.
